Just a head's up on this this month's Royal Aeronautical Society presentation on **Wednesday 25 March**. I will send out the hard copy notice tonight when I have gathered more information.

Once again my apologies for the late notice – Chris has stepped into the breach when Professor Guglielmo Aglietti FEng PhD CEng FRAeS, Professor of Space Engineering, University of Auckland and Director of the Space Institute was forced to withdraw at short notice. Guglielmo returned from USA just in time to get caught up in the home isolation programme! He will speak to us in a month or so.

Chris will speak to us and show some video on his work running the disposal of NZ Defence Equipment (everything from Skyhawks, Macchis and Seasprite Helicopters to Naval Tankers).

As usual, the venue will be the Marlborough Aero Club – Clubrooms – Aerodrome Road Omaka at 7.00pm. Tea and coffee will be available, and dress is casual.

The event is open to members, non-members, interested persons and guests.

A voluntary gold coin donation is welcomed from non-members to defray supper costs.

Please pass this notice to anyone that might be interested and bring to my attention anyone who should be added to the list. (Though I suggest that you wait for the updated information later this evening)

If you wish to be removed from the distribution list, please advise me by email.

Cheers

Des
