CPD - NZ AVIATION TECHNICAL SECTOR - 2019

The next CPD session is scheduled for Thursday 26 September 2019, 1000-1100 (Zoom link below).

Dear fellow aviation professionals

Please find below details of this month’s CPD presentations so far:

- **Presentation 1:** Jozef McGurk will deliver a short presentation on positive safety culture and SMS. Based on Jozef’s last presentation I am sure this one will be though provoking and generate internal discussion on this important topic for all aviation professionals.

- **Presentation 2:** Des Ashton (I’m yet to ask Des so it might be me) to give an overview of this year’s RAeS symposium, the speaker line up and overall conference theme.

- **Timing:** 1000-1100 Thursday 26 September 2019

- **Questions and Answers:** I hope to have time available at the end, but please use the Zoom chat function to send me questions throughout and I will endeavour to summarise at the end of each presentation.

In other news...

**RAeS Symposium 2019:**

It’s that time of year again. No not Xmas, much better than that, its RAeS Symposium time! This year’s symposium is shaping up to be another quality event filled with some excellent speakers from across the aviation sector.

**The Date & Venue:** 01 November 2019 James Cook Hotel Wellington. Note that the CAA Design Delegation Holders Conference is also in Wellington 30-31 October, so scheduled to coincide with the annual RAeS gathering.
The Theme: This year’s theme is *Challenges Facing the Aviation Sector: Equipment, People and Regulations.* An excellent opportunity to expand on some of last year’s themes.

As always, please use the chat function to send me any questions which I will go through at the end of each session.

I am looking forward to meeting some of you tonight at the renewed Auckland Branch evening event at BECA. Time permitting I will summarise this first meeting during tomorrow’s CPD session.

Cheers

Shaun
