

*Royal Aeronautical Society Canterbury Branch*  
12 Wakatu Avenue Christchurch 8081

### **Next Programme Event**

**Date:** Tuesday 15 September 2015

**Time:** 1930 for 20.00

**Venue:** Air Force Museum, Wigram

**Speaker:** Rex Wilson

**Subject:** An Overview of Airways Area of Responsibility.

Rex is a Senior Communications and Surveillance Engineer with Airways Corp of New Zealand Ltd.

He comes from an aircraft engineering background, starting with 20 years in the RNZAF, firstly as an Avionics Technician and then as an Engineering Officer. He has had tours of duty at most of the New Zealand Air Force Bases and spent two years maintaining Huey helicopters in Singapore. After leaving the Air Force Rex moved to Air New Zealand in a variety of engineering management roles.

Rex is now working for Airways New Zealand and was recently the Project Manager installing Multilateration radar surveillance over the lower half of the South Island.
