

28th Annual Symposium

Friday 28th October 2011

***"From the Compass to the
Flight Path"***

**James Cook Hotel
Wellington**

Each year the New Zealand Division of the Royal Aeronautical Society presents a Symposium on subjects of interest to the aviation community in New Zealand and the Pacific region.

With 2011 being the 100 year Anniversary of the Walsh Brothers first flight the Society has invited a number of leaders and prominent individuals from within New Zealand aviation to give their perspective and vision for the future as aviation soars into the next century of flight.

This year's symposium provides an opportunity to meet with the leading executives from the MoT, NZCAA, RNZAF, MED, AIA, Air New Zealand, NZ Airports and Airways NZ.

As a number of these key industry sector executives have only recently been appointed, they bring with them fresh perspectives. The symposium will provide the opportunity for those with an interest in the aviation industry to learn how these executives see the way ahead.
