

(NEW ZEALAND DIVISION)
INCORPORATED

Royal Aeronautical Society Symposium 2008 – Sustainable Aviation

Friday 28th March, 2008

James Cook Hotel, Wellington

The Symposium is a means of providing informed debate on an issue which has grown to tsunami-like proportions in a relatively short space of time. As a key contributor to the New Zealand economy, it is imperative that industry participants, from small to large, have an understanding of the likely future drivers of change.

Opening: Presidential Welcome / Address by Minister for the Environment
(*to be confirmed*)

First Topic: "*What's the problem?*" - Climate Damage Specific to Air Transport

Second Topic: "*What are the economic impacts?*"

Third Topic: "*Can it be solved by current technology?*" - Available Technologies

Fourth Topic: "*Can it be solved by future technology?*"

Fifth Topic: "*Can it be solved by legislation?*"
